Saturday	Closed
Sunday	Closed

Patient Participation Group

We hold regular meetings here at the surgery with our patients who are members of the PPG to discuss aspects of the surgery both negative and positive and to improve the service we provide.

We are actively looking for patients to join our patient participation group. The group meets four times a year with staff members to discuss Practice matters and input from group members is greatly appreciated.

We welcome all patients and carers and if you need any support to attend these meetings such as interpreters please let us know and we will help any way we can if you would like to be involved.

If you would be interested in joining the Patient Participation group please leave your details with reception and the staff member involved will contact you to give you further information.

You can also visit our website at www.elswickfamilypractice.nhs.uk for more information.

Have you heard about our online services?

GP online services allow you to access a range of services via your computer, mobile or tablet. Once you have signed up, you will be able to:

- book or cancel appointments online
- renew or order repeat prescriptions online
- view parts of your GP record, including information about medication, allergies, vaccinations, previous illnesses and test results
- Make suggestions and give feedback on the surgery through our regular questionnaires

And much more!

You can still contact the practice by phone or in person, this is just another option which other patients have found is more convenient and saves them time.

If you are interested in registering or want more information about this service please contact the surgery.
